Subject: Opposition to Proposed Legislation SB650, HB6848, and HB6962

Dear Sir or Madam,

I am a responsible gun owner and permit holder in the State of CT and I am writing to request that you oppose the proposed legislation contained in the above referenced bills. These proposed bills are an over-reach and stand in stark contrast of my second amendment rights as a citizen of the United States. As an elected official of the State of CT I implore you to oppose all three proposed bills. It is readily apparent that they are not appropriately thought through and will represent another swipe at law-abiding gun owners in an attempt to slowly erode our second amendment rights. They will do nothing to protect our citizens from those who willfully disobey the laws already on the books.

Respectfully,
David W. Dickson, CDR, USNR (Ret)
